MEMBERS OF CUB PACK 371 practice shuffleboard with some of the equipment they bought for the Congregational Church. The pack raised \$50 by selling tickets to the Boy Scout Circus in the Rose Bowl. Rather than spend the money themselves, they donated it to the church to buy athletic equipment.

Shown in the photo are Skipper Frye, Abbe Keith, Bobbie Wortham, Howard Schaefer, Leslie Abraham, Peter Bromley, Barney Barnes, Paul Anthony and Ronald Lindsay. Bill Barnes is the cub master, while Mark J. Schaefer is treasurer.

## 2 Mysterious Callers Sought In Probe of Canyon Blaze

### Youth Admits Starting Fire; Inquiry Goes On

Forest Service rangers today were seeking two mysterious callers in connection with the 40-acre blaze last Friday in Santa Anita Canyon.

Although a 16-year-old mental patient admitted starting the fire, the case was clouded by two separate calls before its discovery. Both callers refused to identify themselves.

District Ranger William Dresser said the first caller reported youngsters with matches near the Mt. Wilson toll road. An investigator sent to the scene found nothing.

The second call, about an hour later, reported youngsters with matches at the scene of the fire in Santa Anita Canyon, but failed to report that the blaze had started.

Investigators arrived to find the fire blazing over a wide area.

Although Forest Service rangers declared themselves "reasonably satisfied" that the fire was started by the youth who confessed it, the investigation will continue until the callers are located.

The boy, an inmate of a mental institution at El Monte, was found wandering aimlessly in a yard Saturday by S. A. Zimmerman of 421 Santa Anita, who brought him to the Sierra Madre police station.

There the youth told police he had started the blaze by hitting two stones together in dry grass because "he was mad at everyone," officers reported.

He said he had slept in the mountains Friday night.

The boy was taken to Juvenile Hall in Los Angeles for further questioning.

The raging fire brought 150 men to the scene. Twenty were dropped by helicopter to fight the blaze.

Also responding were six trucks from the U.S. Forest Service, two from the L.A. County Fire Department and one from Arcadia. A Sierra Madre pumper stood by until the crisis had passed.

### Boulevard Open; Ditch Is Filled

Sierra Madre Blvd., after more than a month, is open to two-way traffic.

Except for finishing touches, the ditch there is filled in and business is returning to normal.

Workmen for the Rossi Construction Co. returned to the job last Thursday and had the street open early this week.

A spokesman for the company explained the disappearance of crews from the job for several days by pointing out that the fill material in the ditch was too wet to permit its removal earlier than last Thursday.

Such removal had been ordered by Army engineers, who directed that the excavation be filled in a different manner.

A crew from the Rossi Co. arrived on the job a week ago Tuesday with a tamper, but left after it discovered that the fill had not dried sufficiently to permit its efficient removal, the company spokesman said.

## Sears Modifies Plan -- No Decision Yet

By Lucie Lubisch

New developments came on two fronts this week in connection with Sears Roebuck & Co.'s proposed store on the Michillinda-Foothill corner in Hastings Ranch.

1—The Pasadena Planning Commission Tuesday afternoon continued its study on Sears' application for a zoning change of the property from R-1 to R-3 to permit construction of its building, garage and parking area, despite the last-minute filing by Sears of slightly modified proposals of use of the area.

2—The Pasadena Board of Directors turned over to city attorneys for advice on procedure a request from more than 400 residents of Hastings to upgrade from Commercial to R-3 the northern half, some 300 feet, of the property below Mayfair Drive homes between Hastings Ranch Drive and the existing residential zone on Michillinda.

Although action on the Sears petition for the zone change was on the agenda under old business, the commissioners agreed the problem was "too complex" for quick action without further study.

John L. Wheeler, territorial counsel and assistant secretary of the Sears merchandising chain, notified the commissioners Sears would be willing to make a 25-foot planting strip, instead of 10, along Michillinda, and would modify their service station plan to place the eastern boundary 52 feet farther from Michillinda.

Among those appearing at the planning meeting were Robert C. Geffs, president of the Rancho Santa Anita Property Owners Association; Charles C. Hamill, Rancho attorney, and William Etheridge, attorney for Hastings residents, in addition to representatives of Murphy Bros., who seek to lease the property to Sears.

Etheridge alone appeared before the directors at their regular meeting Tuesday morning, to ask the board to initiate the zone change sought by Hastings residents, which would provide a buffer strip of multiple dwellings between single family homes on Mayfair and the commercial property facing Foothill.

Etheridge, who filed first petitions from Hastings residents with the board Friday, explained that Mayfair Drive lots originally were zoned R-2 as a buffer between Hampton Road homes and the commercial area, but that the Murphy Brothers themselves destroyed the R-2 zoning when they developed the street into single-family homes with R-1 restrictions.

THE PROPERTY in question is a rectangle roughly 1,500 feet by 600 feet along Foothill between Hastings Ranch and Michillinda, presently zoned with an R-1 strip 150 feet wide on Michillinda, backed by a 400-foot section zoned R-3. The rest is commercially zoned.

Sears seeks to make the R zones commercial with about half of its proposed facilities to be contained there. Hastings residents have objected to the Sears proposal because they fear downgrading of the residential zone and because they say Sears is not a desirable tenant for the property.

They ask that R zones remain as is, and an additional buffer strip be made across the top half of the commercial property, leaving a piece of land about 1,000 by 300 feet for commercial use.

## Would-Be Suicide Freed From Jail

A 26-year-old burglary suspect who failed in a jail-cell suicide attempt was released by Sierra Madre police Tuesday for lack of evidence.

Jack Blaine Dailey of 570 N. Kenmore, Los Angeles, was arrested Sunday in Congregational Church after church members called police and reported that he was acting suspiciously.

The complaint followed the theft July 1 of about \$30 from ladies' purses in the choir room of the church.

The members then set up a watch, and last Sunday saw Dailey enter several rooms of

the church. Dailey appeared despondent when booked on suspicion of burglary, according to Officer Fred Hazlett, and orders were given to check his cell every 15 minutes.

Sunday night, on one of the 15-minute checks, an officer found Dailey on the cell floor, unconscious. Three feet of wire was wrapped tightly around his neck.

A local doctor, called to the scene, and police used a resuscitator to revive the prisoner.

Incoherent and sobbing after

he was brought to, Dailey mumbled that he didn't know why he did it, adding something about trouble with a girl friend.

Police reported that the attempt was made with a spring removed from the toilet in the cell.

Dailey's record shows at least three arrests and two convictions, both with suspended sentences, since 1952.

He told officers that he formerly was a singer with name bands, but had not worked lately.

### Picked to Attend Girl Scout Camp

MURIEL PETERSON of Sierra Madre Mariner Troop 3 is one of 23 girls from a region comprising four states and the Hawaiian Islands who were selected to attend the 12th Senior Encampment July 13-17 at Girl Scout Camp Wasiu, near Lake Tahoe.

Muriel, 16-year-old daughter of Mr. and Mrs. Charles Peterson, 71 Suffolk, is Troop 3's Officer of the Deck and holds the rank of Jack Tarr with Curved Bar (equal to the Boy Scouts' Eagle rank). She was selected for leadership and service to the school and community.

Muriel, a Girl Scout for 9½ years, has held every office from patrol leader to president. She has attended three Girl Scout conferences and also the national convention in San Francisco last November.

## Planners Meet Tonight; Zoning Issue on Agenda

The Sierra Madre Planning Commission will hold its July meeting tonight at 8 o'clock in the Council Chambers at City Hall. Included on the agenda is the controversial proposal to rezone the corner of Michillinda and Sierra Madre Blvd. to permit construction of a service station there.

Although the hearing is continued from the commission's last meeting, city hall observers did not expect final action at tonight's meeting because only a bare quorum of qualified members will be present.

The terms of two of the members, Mrs. May DeWright and Robert Ainsworth, have expired.

Because Tuesday night's Council meeting was postponed one week due to lack of a quorum, the Council was unable to act on reappointment or appointment.

Also, the illness of Councilman Lorne Pratt with a virus ailment will require the presence of his alternate from the Council, David S. Wood.

As a rule, observers say, the commission rarely takes final action on controversial proposals unless the full group is present.

### Chamber to Honor Al Morgan at Meeting Today

Al Morgan, past president of the Sierra Madre Chamber of Commerce, will be honored at the semi-annual membership meeting of the Chamber today in the Woman's Clubhouse.

Mr. Morgan, former vice president of the Bank of Sierra Madre and president of the Chamber for three years, is now in the real estate business in the Lucerne Valley. He will be presented with a scroll at the luncheon meeting.

Robert H. Green, new president of the Chamber here, will discuss the organization's plans for the future.

It was also announced this week that Anthony Cavalli, secretary-manager of the local Chamber, will return to his job on Aug. 1 following his convalescence from an abdominal operation.

When Mr. Cavalli returns, he expects to make a survey of business conditions here and discuss with local merchants plans for the fall and holiday promotions.

## Buy-at-Home Campaign Will Start Here Today

Rabbi Charles W. Steckel of the Jewish Community Center of Temple Beth Israel became the fifth religious leader here to endorse the Buy in Sierra Madre campaign, which starts today.

A total of \$1,000 in cash prizes will be awarded in the Chamber of Commerce sponsored program. It will end Oct. 11.

"I am glad to join the rest of the ministers in endorsing and supporting the campaign to buy from the local merchants," Rabbi Steckel said.

"Since we are interested in the development and prosperity of Sierra Madre, where our temple is located, we buy most of the commodities from our local businessmen.

"Only when on vacation and out of town do we buy, for instance, gasoline, outside of Sierra Madre. The same goes for so many other daily commodities, from an aspirin to a note book.

"Needless to say, if all residents would buy in their home town, we would have even a better and more prosperous community. A policy such as this creates good will, friendly relationships among people and makes out of residents real neighbors.

"The Buy in Sierra Madre campaign, sponsored by the

Chamber of Commerce, has my endorsement and wholehearted support."

All you have to do to participate in the program is to buy from your local merchants listed on Page 7.

For every cash dollar you spend in these stores, you will be awarded 100 votes which you can cast for your favorite religious, civic or fraternal organization. Convenient ballot boxes will be placed in all stores so that you can cast your votes on the spot.

The votes will be counted each week and the leading organization will be listed weekly in The Sierra Madre News.

The organization receiving the most votes at the end of 13 weeks will receive \$700, the second highest, \$200, and the third, \$100.

Duplicates of the full-page ad on Page 7 will be placed in the stores of all participating merchants to guide you in your shopping this week.

## Plans Nearing Completion for New Hospital

Plans are being completed for the new 48-bed Foothill Hospital in Monrovia, according to John F. Galbraith, Pasadena architect for the \$1,000,000 project.

"Every care has been taken to satisfy all requirements of construction, both technically and practically," Galbraith said. "We have consulted with the city engineering and building departments to make certain that plans and blueprints meet all specifications," he added.

A one-story building designed in ultra modern architectural style, Foothill Hospital will be located on a three-acre site at 600 Linwood Ave.

Off-street public, staff and employee parking facilities will provide for nearly 125 cars, which is far in excess of legal requirements for a 100-bed hospital. Additional parking will also be available across the street at the Foothill Medical Building.

Initial construction will provide 48 hospital beds to relieve the present need in Sierra Madre, Monrovia, Arcadia, Duarte and surrounding communities.

The reinforced concrete buildings, which will be completely fireproof, will be constructed to provide easy addition of 52 more hospital beds at a later date.

All hospital rooms will face on individual patios with buffer plantings screening them off from other parts of the hospital.

Equipped with the newest facilities, an entire wing for maternity cases, emergency facilities and an outpatient department will be included.

Architect's plans also show three surgery rooms, a delivery room, and laboratory, X-ray and pharmacy facilities. A coffee shop and dining area to serve the public, as well as the staff and patients, also will be included.

Completion of 112 beds at the Methodist Hospital in Arcadia and the addition of 31 beds to Duarte's Santa Teresa Hospital will still leave the Sierra Madre, Arcadia, Monrovia area short some 325 beds under minimum acceptable standards, according to figures of the State Bureau of Hospitals, which show a minimum need for 607 beds, based on present population only.

The new Foothill Hospital will be open to everyone, and there will be discrimination against no one.

### Library Friends Conduct Drive

(Editorial on Page 2)  
The Friends of the Sierra Madre Public Library currently are conducting their annual membership drive.

In connection with the campaign, which got under way July 1, the Friends reminded last year's members that their memberships expired on June 30.

Classes of memberships and dues are: Regular members, \$1; junior members (under 16), 50 cents; contributing members, \$3; sustaining members, \$5; patron members, \$25, and life members, \$100.

The group aims to promote a close relationship between the community and the library. Among its projects are the sponsorship of bookmobiles, exhibits, forums, book talks and musical programs.

#### INTEREST RATE HIKE

The Home Savings and Loan Association announced this week that it would pay 4½ per year starting July 1 on all savings accounts.

THE PET SPARROW perched on the hand of Bonnie Schramm is being fed its daily ration by Bonnie's sister, Dolores. The girls, daughters of Mr. and Mrs. Lloyd W. Schramm, 249 Wilson, took the bird under their wings about two weeks ago before it could fly. The infant sparrow now flits about the Schramm yard under its own power. When hungry, it lands on the nearest member of the Schramm family for its diet of milk, Pablum, egg yolk and crushed worms.

## A Friend in Need

The Friends of the Sierra Madre Public Library once again are busy enlisting your aid in their annual membership drive.

The Friends, it seems to me, have done as much, if not more than any of the multitude of organizations in this city to benefit the public. The superb art shows the Friends have sponsored are in themselves sufficient reason for every civic-minded Sierra Madren to dig into his pocketbook for the nominal \$1 annual membership fee.

And the art exhibits, of course, are only a small part of the total activities launched and promoted by the Friends.

They are constantly in need of money to buy books for the library and to expand its facilities. They sponsor bookmobiles, forums, book talks and musical programs.

In short, they do everything possible to enable the Library to perform its vital role in the cultural life of the community. And if that isn't worth supporting, nothing is.

The library is in many ways the perfect symbol of a free civilization. It is the responsibility of everyone who cares about books to keep it that way. The Friends of the Library are doing this job.

All of which brings me, circuitously, to Omar Khayyam, who mused:

"I wonder often what the vintners buy one half so precious as the stuff they sell," and a cynic replied, "They buy at half price, more of the same stuff to sell you."

Omar was a whimsical fellow whose idea of Heaven included a book of verse, and, although history doesn't specify, chances are he got that book at his local library.

And this leads me to ask what you have done for your library, one half the value it does for you?

One thing you can do and should do is support your Friends of the Library. They can use your help.—H.W.E.

## Meet Bill Dillingham

Since Bill Dillingham's "Report From Abroad" column has been appearing on this page for some weeks now, we felt it was about time for introductions.

Dillingham, who was born in New York, picked up a taste for travel during the war, when he served as a Marine Corps Lieutenant (j.g.) in the Atlantic, Pacific and Mediterranean areas.

He gained national attention during this time when he was shipwrecked for 101 days in the East Indies, surviving a hurricane and later surveillance by Japanese scout planes. His predicament was broadcast by Tokyo Rose.

Since the war, Dillingham has traveled extensively in almost every part of the world. After attending the University of Paris, he embarked on a tour behind the Iron Curtain, and his subsequent series on Czechoslovakia was so well received by many papers that he found

himself in business as a correspondent and columnist.

He since has journeyed through Europe, including the Scandinavian countries, the Balkans, Spain, France and Germany.

After that, he took a motorcycle ride through Africa, making the trip down the west coast and returning up the east coast and through the interior. He also traveled extensively through South America, Northern Canada and Portuguese East Africa.

One of his latest jaunts took him from Paris through Austria, Yugoslavia and the Middle East—Iran, Afghanistan, Pakistan, India and Ceylon—followed by an island-hopping foray which brought him at last to Australia.

Next on the agenda, according to a recent memo: A tour through Russia and the Iron Curtain countries.

You'll be hearing from him.

## Around and About

With

Edward Lloyd Voorhees

(In earlier reports, Mr. Voorhees described his visits to Naples, Genoa and Turin. Here he continues his account of a recent European tour.)

Florence the Beautiful being an uncomfortably humid and "close" city in summer, as I found it on my two previous visits, I had looked forward to my winter visit with pleasure.

Arriving there from Turin the first week in February, 1956, during Italy's "worst winter in 50 years," with the daily newspapers filled with photos of snowbound towns from Lombardy to the south tip of Sicily, I taxied through the icy streets of Florence to the hotel I had chosen from the list I had picked up at the Italian "ENIT" office in New York.

My "blind date" proved a good one—the hotel was small, new, clean, with alert and cordial management. Though my room was only ten by eight, it was perfectly appointed, warm and quiet. I at once affectionately dubbed it "the hat box"; it was that cozy!

On my way south from the Alpine regions of Turin I had vaguely believed that the temperature would moderate. However, I had failed to reckon with the Appennines, that high and snowy spine of Italy, with its prevailing and continually icy, stabbing northwest wind. From then on, for the next five weeks, I was to find that every activity, every pleasure, whether mental, esthetic, or physical, would be conditioned by that piercing mountain wind, with sub-normal temperature outdoors and in—with the exception of my little "hat box," to which it was always a comfort to return.

Fuel in Italy is very costly,

because both coal and oil must be imported. From Florence on, the maximum temperature in my hotel rooms would be from 62 degrees F., and on down to 48 degrees, by my traveling American thermometer.

I pitied the poorer natives, much worse off, with no heat at home other than a part-time basin or tin can of smoldering charcoal, and no heat at all in the shops.

All the clerks were loaded with extra clothing and rubbing their hands, like those in Dickens' London winter scenes.

The next morning at the little coffee shop where I went for breakfast near my hotel, I saw two working girls enter, one of them with a red rubber hot water bottle like a muff in her reverse.

With this the two alternately warmed their hands, and also loaned it briefly to the woman cashier, who seemed to be slowly congealing on her chair behind the busy cash register. The only other evidence of heat was the small puff of steam from the faucet of the "cafe espresso" coffee machine, about two ounces of whose steaming black product, with or without a single "biscuit" or tiny roll, is the breakfast of millions of Italy's "white-collar" workers and men in overalls.

For this they pay, with tip, about 15 cents (our money). The cheapest coffee in Italy is said to cost over \$2 a pound, but I did not check this.

(To be continued.)

## What Do You Think?

I indite these lyric lines with apologies to Whittier (the poet, not the town):

Blastings on thee, Hatless

Man,

With thy cheeks of tight-

wad tan.

Many a worker skilled in

felt

Thou hast caused to tight-

en belt.

Many a hapless hat-store

clerk

Thou hast harried out of

work.

Many a hat-check girl's de-

cline

Stems from thee and not

from wine.

Though thy tousled dome

looks bare,

Blame for many ills rest

there.

But I have to confess that I, too, go hatless much of the time.

HERE'S THE OLD pullback again. I'm sorry it seems likely that the height limit in Los Angeles City and County will be removed, permitting skyscrapers.

I think they will create more traffic congestion than ever. I think they will shut out what little sun the smog lets through and turn many streets into gloomy canyons. And I think they'll make some persons die of heart failure every time there is an earth shock.

I was on the fourth floor of a strong building during an earthquake and will never forget how my tummy turned over though the building suffered only a few broken windows and cracks.

I was in Seattle just after a

quake had made that city's tallest building sway so that a man who was passing it died, thinking its 28 stories were about to fall on him. True, no Class A building has ever been tumbled down by an earthquake, but the Los Angeles City Hall, built with such shocks in mind, has suffered cracks, and I'd hate to be up in its tower during a tremor.

You don't have to have a thousand tons of masonry fall on you to go looking for St. Peter. Just being scared to death will do it.

DID YOU EVER know any American who, going abroad, didn't want to see Paris? The charm of Paris lies in the fact that its main business streets are shaded with trees and all its buildings which are not public buildings are limited to about six stories in height.

Thus, the public buildings, towering above the others, cannot be obscured. From anywhere in the city one may look about and see many of them. New York's famous skyline, on the other hand, can be seen best from well out in the harbor, from which it looks like a forest of exclamation points. From the average city street, even the Empire State Building is hidden by nearer structures of 20 stories or more, as Mt. Whitney is hidden by foothills from all except distant views.

I'm proud of New York. It's the greatest collective exhibit of man's structural achievement. But one city like that is enough for me. I just can't love skyscrapers.

## Washington News

By EDGAR W. HIESTAND  
Rep., 21st District

The heat, the humidity and the House have increased their activity in unison. Amid the recent flood of bills have been several of vital concern to Southern California.

Most directly affecting the Southland, perhaps, was an amendment to the Defense Production Act which establishes congressional policy to "encourage" geographic dispersal of industry.

I quote "encourage" because it was the keyword in a controversy which flared in the house before the conference bill extending the Defense Production Act passed by 200 to 197—closest margin of the year.

The word was put into the bill by a House-Senate conference committee which had met to iron out differences between the original House version, containing no reference to dispersal, and the Senate bill which included the dispersal amendment authored by Sen. Wallace F. Bennett (R-Utah).

Bennett's amendment used the word "promote," and the conferees watered it down to "encourage."

We of the Southern California delegation felt the entire amendment should have been left out. So did most other Representatives from industrial areas. In fact the 200-197 vote shows roughly the division in the House between urban and rural districts.

WHAT DOES the bill mean to Southern California?

Explicitly, not much. The wording is still too vague. Ac-

In fact, the lack of specifics may be the most dangerous element in the bill. It allows for such broad interpretation that a hard-nosed administrator could rule out contracts to any area he chose—using lack of dispersal as the basis for such a ruling. But this is unlikely.

The administration always has had the power to award defense contracts to the company that can do the best job at the best price, consistent with the general economy and the national defense.

ARTHUR S. FLEMING, director of the Office of Defense Mobilization, has adhered to such a policy for some time. Tying Congress to such a policy merely adds stature to a principle already in effect.

Practically speaking, I do not foresee any sudden changes. The administration would have a hard time proving that Southern California's industries are not already well dispersed.

The aircraft industry, for example, is spread over an area 315 miles long and 60 miles wide—far broader than the distances linking the so-called "dispersed" Eastern and Great Lakes industrial heartlands.

But while I do not feel that the bill, as written, has enough teeth in it to cause disruption of our local economy, still I opposed it on principle—first, because we are already dispersed; second, because if followed rigidly, it could cost us our valuable "lead time" over the Russians in defense preparedness, and third, because I am against any legislation which permits the federal government to encroach upon the constitutional rights of the individual or private industry.

Of the latter legislation we have had too much.

## Around the Square

By Marjorie Parker

Ah, Fame! Dept.:

At the Sunday reception for Alfred Dewey at the Gallery a young boy came up to Sally Dewey, wide-eyed.

"Say, he's pretty important, isn't he, wearing all those guns and stuff?" And he pointed to the case of Civil War weapons along the side wall. Sally explained that although Alfred was 82, he hadn't fought in the Civil War. The boy gave her a cold, disillusioned look and walked away.

A LOGICAL complaint the other day from a young Sierra Madre wife and mother of two. She is a good citizen and even knows some Civil Defense rules, which is more than you can say for most of us. A few days ago the air raid warning sounded in the valley. She plucked up her children, went inside and turned on the radio.

Nothing. Not even a bulletin that a siren test was on. She went through her paper and there was no advance notice of a test. Then she got mad.

"So we're told to go inside when we hear the air raid sirens. We must turn on our radios and listen. And nobody says anything. About three months ago the sirens blew all over the county. I went to my radio. Not even a peep about it. So I called the police. And they gave me a lecture on how I would jam up the switchboard if a real air raid was on. How was I to know?"

All she asks is that there be some coordination between civil defense and radio stations. Surely, she thinks, it wouldn't take a second to announce on the air that a scheduled test is taking place when one is.

She airs the view of many of us who, when the siren wails, wonder for a bleak moment, "Could this be it?"

"YES, I LIVED in a harem during the time I was a prisoner in the Sultan's palace in Constantinople." Ahhh, that's the kind of beginning that makes a reporter drool. But a columnist on a weekly paper has the fun of being able to poke back to where the story began in the first place.

In the f.p., Charles and Claire McWade, daughter Mary Grace, son Philip and Claire's father, Curtis Melnitz, sold their house on Wilson Ave. Then they looked around for housing until September, when their house in Apple Valley will be finished.

For a nominal rent (and care of the ghost) they moved into the old Shearer place on Esplanade. Some remodeling had been done and the McWades allotted the elegant down-stairs bath to grandfather, Mr. Melnitz.

Just at the turn of the century he was living in Paris and ardently interested in a band of young Turks who wanted to overthrow Abdul Hamid (The Terrible). Because of his strong French contacts, Mr. Melnitz, then 20 years old, was sent as liaison for the revolutionaries to live with Abdul Medjid, who was to be the last Sultan of Turkey.

"We were both prisoners, but what a prison!" he mused. "It was a palace in Constantinople. We had magnificent horses. There were beautiful women. There was an orchestra in which Abdul Medjid played cello. What did I do?" He glanced obliquely at the interrogator. "I did a number of things. But I did manage to teach English to Mustapha Kemal who, as Ataturk, became first president of Turkey."

Togged out in gay gypsy rags I was the fortune teller at our church bazaar. Business was brisk as people I knew came in to hear the outlandish things I predicted for them. My last customer, a man, was a stranger to me. Trying to sound particularly mysterious and convincing, I intoned in a deep voice, "I see a buried treasure."

"Oh, I know all about that," the man interrupted testily. "My wife's first husband." (From Reader's Digest.)

## Letters to the Editor

Gentlemen:

I write in regard to the need for stop signs in Sierra Madre.

From the council and/or those responsible for marking adequately our streets for public safety, I would invite an immediate and serious survey of all the intersections of our city. I believe it is urgently needed.

I believe such a study would point up these facts.

Many dangerous intersections and corners exist. They exist with and without blind corners of many sorts (trees, buildings, fences, hedges, vines, parked cars, and various combinations of same). They exist (1) because of the nature of the traffic involved; (2) because of the hillside terrain of our city; (3) because of the confusion of right of ways and confusion of proper speed limits at these sometimes blind, sometimes partially blind, spots; (4) because the city and surrounding areas have grown, busy-wise, and the east-west streets of the city have become through streets between upper and lower Hastings Ranch and the developed areas of northwest Arcadia and eastern Sierra Madre.

Dangerous intersections and corners will continue to exist in our city, with or without blinding or partially blinding hindrances removed to the prescribed 100 ft., until the traffic both ways is stopped with stop signs.

Some of the dangerous intersections I know: Highland-Sunnyside; Auburn-Grandview; Grandview Canon; Hermosa-Montecito; Lima-Montecito; Mariposa-Sunnyside.

Traffic has increased. The streets have been improved,

bumps removed, and traffic is faster. There is more through traffic. The nature of the downhill north-south streets, plus the east-west through streets, create the feeling in drivers that the street they are driving is THE through street, resulting in distorted right of way feeling.

Even for those of us who live on these fast streets, it is belying. We nevertheless know that many of our intersections are dangerous, and we generally stop. Even so, there are days that we are not as aware, more in a hurry, and we don't stop.

Sierra Madre is a tree-y, bush-y, vine-y, home-street city. Such charm is part of the reason we are all here. We like our homes and their surroundings. Would we vote to whack down all the thousands of feet of greenery, stone and wood that create the blind and semi-blind corners? Is that the answer? I cannot believe it is.

It seems remarkable to me that citizens have to appeal for such obvious safety precautions as stop signs. It seems even more remarkable that at least two such appeals (at Sunnyside-Highland, at Grandview Canon) have been turned down because the count of cars using the intersections was not sufficient to merit the signs. It takes only one car and one pedestrian, only two cars going in bisecting directions, to produce tragedy.

I would like to suggest again an immediate survey of the safety situation of Sierra Madre's corners and intersections. I would even suggest that two council members (or appointed citizens) and two police officers together test the various crossings, in two cars. I believe they would find numerous stop signs a necessary measure for the protection of life and property in this city.

The crux of the recent accident at Highland-Sunnyside is bigger than any one fence. Don't let it hang there. Do make us stop at our dangerous corners.

Respectfully,  
MARY TOMS WARD

Mr. Lee Shippey  
c/o Sierra Madre News  
Dear Mr. Shippey:

My memory of Sierra Madre goes back only a comparative length of time, but I too remember—riding horse back through the pasture land of Hastings Ranch, the grape vineyards of Coronet Homes, and a never-to-be-forgotten pause at the Riviera to look with the pride and joy of vicarious ownership over the beautiful slopes below.

Your memories (and those of the Andrews) include much, much more of the early days. We all loved our little village snuggled at the foot of the mountains, and will continue to love her in our memories.

But it seems this is another era. "Progress" has removed the P.E. line, and the lovely old station. Gone also is the impressive row of eucalyptus trees on Michillinda behind which the sun used to set in such beauty. In their stead has grown a massive building of steel and brick with a decided look of permanency.

If the Andrews were to invite us to sit with them on their lovely old front porch, to share the sunset, as of old, we would see it drop behind a mountain of red brick.

Ezekiel said long ago, "Then I came to them—that dwell by the river of Chebar, and I sat where they sat, and remained there astonished among them."

If we were to sit where they sit, perhaps, just perhaps, we might also hope that the income from a modern gas station on the corner might help to compensate for that remembered sunset?

HAZEL MORLEY

To the Editor:

The following is a copy of my letter to the Sierra Madre Planning Commission:

As an average citizen and property owner of Sierra Madre, I wish respectfully to register my unqualified opposition to any change in the present Residence-Professional zoning as applies to the property at the southeast corner of Sierra Madre Blvd. and Michillinda.

My reason for this is my belief that permission to construct any sort of sales (merchandising) building at that point would not only violate the essential nature of Sierra Madre's West End but would also, without reasonable doubt, lead rapidly to a complete breakdown of the present residential atmosphere of that part of our town, to the eventual and complete disappearance of its fine old trees, shrubbery, and that spaciousness which at present combine to make a unique, tranquilizing west entrance to our town.

Since no person of good will would wish to bar any individual from realizing a legitimate income under the current influx of new population, I respectfully submit that the particular property under discussion could be very profitably developed as a one-story garden apartment, an apartment court, or a professional unit, with a dense and effective screen of trees and shrubs against dust, noise, and any potential traffic hazard along Michillinda Blvd.

Such a project need be neither an offense to the neighboring residents nor a wound to the pride and love which a great many Sierra Madre residents in other parts of the town feel for our west entrance.

In writing this letter, I am inspired by the confidence that you of the Planning Commission will direct your intelligence, far-sightedness and good taste to "holding that line" for the greatest good to the greatest number.

MRS. MARK CHER

June Rosen, daughter of Mr. and Mrs. Louis Rosen, 225 N. Lima, became the bride June 23 of Mark Cher, son of Mr. and Mrs. Hyman Cher of Los Angeles, in Temple Beth Israel of Sierra Madre. Dr. Charles W. Steckel officiated.

The bride was attired in a white lace-over-satin floor length gown fashioned with long sleeves and net inserts around the neckline. Her elbow length illusion veil was held in place by a pearl studded Juliet cap and she carried a cascade bouquet of white orchids and lilies of the valley.

Pay Rosen served her sister as maid-of-honor and wore a waltz length frock of pink lace and net. The fitted bodice topped a full bouffant skirt. Her bouquet was of blue delphinium.

The bridesmaids, Carol Specter, Linda Loza and Leila Rosen, niece of the bride, wore the same styled dress in the azure blue shade. They carried pink carnation bouquets.

Bob Meyer was best man and the ushers were Irving Greenfield, Lloyd Gardner and Paul Concus.

A buffet supper for more than 200 guests was held in the Temple Lounge immediately following the ceremonies.

The bride is a graduate of the University of Southern California, where she was a member of Hillel Sorority. Prior to her marriage she taught in the Los Angeles elementary schools and Sunday School at Temple Beth Israel.

The groom received his B.A. degree from California Institute of Technology and his M.A. degree from Harvard University. He and his bride have returned to Cambridge, Mass., where they will reside for the next year while he is studying at Harvard University for his Ph.D. in chemistry.

Both of the young people are members of the Pasadena Young Adult Club.

Newest nominee for our "Teen-agers Are Swell Young People" department is Phil Woodard, son of June and Henry Woodard of 522 E. Sierra Madre Blvd. Phil took an old washing machine motor and an old lawn mower and came up with a power lawn mower that works! June says the thing is a bit speedy but it sure cuts grass. Just goes to show that the fellow who can cut a rug can also cut a mean lawn, or something!

**WHOOPING IT UP** at a neighborhood pre-theater cocktail party were Mr. and Mrs. Bert L. Menne, Mr. and Mrs. John Bouquet, Mr. and Mrs. Ross Blakely, Mr. and Mrs. Thomas Baskerville and Mr. and Mrs. Keith Morrill. They all went to the Gamma Phi Beta benefit showing at the Greek Theater starring Bellafante.

**JUST BACK** from a wonderful week at June Lake are the Barkleys — Les, Eleanor and sons, Skip and John. Eleanor tells us that trout fishing in streams and lakes was excellent, with all the lakes well stocked. Guess who caught the most fish on any one day? Eleanor, of course! She says it had to be beginners' luck, but maybe she is modest. At any rate, they caught so many trout they had to bring them back to Sierra Madre frozen, too many to eat up in one week.

**CAPT. AND MRS. Ralph Nolsat** (USN, ret.) and their two daughters, Marjorie and Grace Ann of San Diego, will be spending the weekend with the Rex Hoe Smiths at 150 Colony Drive. The two families are continuing an annual meeting somewhere in California. Last summer they met on the Monterey Peninsula for a weekend of fun.

**RUTH HUNSICKER** (Mrs. Robert) and her small daughter, Gail, flew back to Philadelphia on Tuesday to visit Ruth's parents, Mr. and Mrs. Joseph R. Owens of that city. Ruth plans to spend about three weeks in the East and then return with husband Bob, who will fly back to pick them up. The Hunsickers live at 331 E. San Gabriel Court.

## 15th Anniversary Marked by Tylers

Mr. and Mrs. James Bryce Tyler, 223 San Gabriel Court, marked their 15th wedding anniversary at a cocktail party and buffet supper.

A large crystal punch bowl centered the buffet table, which was decorated in yellow and white flowers.

Included in the guest list were members of the original wedding party, Mr. and Mrs. Keith Jones of Covina, Mr. and Mrs. Martin Sullivan of West Covina, Mr. and Mrs. Carl Walper of Rosemead, Rush Hilborn of Pasadena, Mr. and Mrs. Don Miller of Covina, Mr. and Mrs. T. C. Sampson and Mr. and Mrs. Earl Graves of Sierra Madre.

Also in attendance were Mr. and Mrs. Henry Johnson, Mr. and Mrs. O. W. Plumlee, Mr. and Mrs. Robert Clark, Mr. and Mrs. Charles Velasquez, Mrs. Jeanne Rogner, Mrs. H. H. Davidson, Ben McGee, Al Streuli and Joe Hinojos.

MR. AND MRS. ROBERT CHARLES EAST JR.

Trinity Presbyterian Church was the scene of the wedding of Betty Mae Kruescher, daughter of Mr. and Mrs. Peter William Kruescher, 34 W. Grand View, and Robert Charles East Jr., son of Mr. and Mrs. Robert Charles East, 377 N. Lima, July 1. Rev. Donald H. Ostrander officiated.

The bride, given in marriage by her father, chose a waltz length white crystalline over taffeta gown designed by Ann Raymond with small lace flowers scattered over the full skirt and fitted bodice. Her veil fell from a coronet of small white flowers. She carried a bouquet of white orchids and lilies of the valley.

The maid of honor, Mary Wirth, and the bridesmaids, Flo Ree Pascoe and Judy Davis, were attired in ballerina length blue crystalline frocks and carried bouquets of white daisies.

Wayne Jordan was best man and the ushers were Harold Brett and Gale Davis.

The bride's mother wore a linen, lace-trimmed ensemble, and the groom's mother chose a blue linen and lace dress. Both mothers wore white butterfly orchid corsages.

A reception was held at the home of the bride's parents.

Following a honeymoon at Lake Tahoe the newly married couple moved into their new home at 325 E. Grand View.

The bride is a graduate of Sierra Madre Elementary School, Marshall Junior High School and Pasadena City Col-

lege, where she was a member of Pamphile Club.

The groom is a graduate of the Sierra Madre schools, Pasadena City College and Annapolis. He served four years in the U.S. Navy.

Jim Holt, voted the most improved tennis player in the Sierra Madre Tennis Club, was elected secretary-treasurer of the organization at a recent meeting at 281 W. Carter.

Other officers chosen are Mrs. Betty Patterson, Hank Gregor, Wayne Perry and Le Roy Toms.

The club also voted unanimously to award an honorary life membership to Edward L. Voorhees, the group's oldest charter member.

The new club officers, who are members of the General Committee, also drew up an agenda of items to present to the City Council and the Recreation Commission. These include the possibility of installing concrete courts, the replacement of damaged netting wire, checking light bulbs for night play and the cleaning of the courts.

The Tennis Club now has 44 members.

### Fiddler or Master Violinist?

Did you ever observe the difference in the tone of a violin played by a fiddler and a master artist? Sounds like two different instruments, doesn't it? There is no resemblance in the tones. Both may have played the instrument for a like number of years but the fiddler could no more produce the tones that the artist makes on the violin than he could produce the tones of a pipe organ or the human voice.

Why is this? What makes the difference? It's talent and practice! The violinist has practiced hours on end to produce the tone he gets. The same rule holds in the building of character. The person who attends church regularly is receiving the instruction and practice that makes for a beautiful character; just as the practice on the violin finally enables one to produce a beautiful tone.

BUILD CHARACTER BY ATTENDING CHURCH REGULARLY!

With the hope that it will, in some measure, foster and help sustain that which is good in family and community life, this feature is sponsored by the business firms and organizations whose names appear in this space.

VILLA  
VIEWSBy Toni Maurin  
Sycamore 7-9634

I have decided that there are compensations for everything. We aren't going to leave all of our tender little plants this year to the mercy of the hot summer sun. Unh unh. We are going to wait and go on a vacation when it rains! But the compensation I spoke so blithely about is that I won't have to worry about getting all of the clothes together to go, and then come dragging home to wash them again when the fun is over. Sounds kind of hollow, doesn't it, but if I keep thinking it maybe I'll believe it, too!!!

**THE SAM MATLOFFS** of 1590 Old House Road are entertaining Mrs. Matloff's sister, Miss Evelyn Senior, from Winnipeg, Canada, for a couple of short weeks. Miss Senior arrived just in time to say hello and goodbye to their son, Victor, who has been transferred back to Newark, N.J., where he will fly an eastern run for United Airlines. The Matloffs are planning several small trips to show Miss Senior a bit of Southern California.

**ANOTHER NEW** family has joined our hill group in this last month. They are Mr. and Mrs. Raymond C. Hurt of 1230 Wynn Road. Mr. Hurt is an engineer with C. F. Braun Corporation.

**MRS. C. TOM CRAWFORD** of 1360 Sierra Madre Villa, Mrs. John Price of 3481 Fairpoint and Mrs. J. M. Phelps of 1430 Old House Road recently spent a week in Villa Park with the little Brownies. Mrs. Crawford spent her time at the Oak Knoll Scout House. This included an overnight camp out for the children. Mrs. Phelps said that she thought the mothers had as much fun as the children.

**MR. AND MRS. John Fricke** and their family of 3366 Barhite returned this last week from a two-week stay at their Catalina Island home.

**THE J. A. GUTIERREZES** of 3265 Fairpoint are entertaining at a Mexican Patio party on the 18th of this month. She told me the menu and I got too hungry, so I'll keep it a secret. Among their guests will be Mr. and Mrs. Alvin Mark, Dr. and Mrs. L. J. Rosenkranz, Mr. and Mrs. Harold A. Levenson, Mr. and Mrs. Louis Rios, Mr. Robert Hildum, Mr. Fred Ascencio and their daughter, Gloria Gutierrez.

**MR. GEORGE HAVELICK** of 1854 Kinneloa Canyon Road has finally gotten his stables and tack rooms back, and hopes to buy another horse soon. He was forced out, or should I say, his horse was forced out by Mrs. Havelick's artificial flower business. He finally bought her a building at 2433 E. Washington Blvd., near St. Luke Hospital. He said it was worth it to get all of those plants out of the house.

**MRS. CHARLES Goldsworthy** of 3515 Fairpoint has been a busy mother this month. She gave a birthday swimming party for her 8-year-old daughter, Nancy, with 11 little friends, and the following week her 3-year-old son celebrated his birthday with a swimming party for six of his little friends and their mothers.

**MR. AND MRS. O. Kenneth Fuller** of 1475 Old House Road gave a dinner party last week honoring Mr. and Mrs. Furnam Grimm, who have been transferred to Roswell, N.M. There were five couples present.

**JAN NASH**, daughter of Mr. and Mrs. William F. Nash of 3100 Mesa Loa Lane; Nancy Batterson, daughter of Mr. and Mrs. Neal Batterson of 3127 E. Doynne Road, and Sharon Greiner, daughter of Mr. and Mrs. L. T. Greiner of 3000 E. Claremea Lane, all left last Sunday for a two-week stay at the Girl Scout Camp at Singing Pines.

GATHERED AROUND the swimming hole at their annual summer party are these Hasty Hens: Mrs. Robert R. Cress, hostess; Mrs. J. David, co-hostess; Mrs. Harold R. Sweet, co-hostess and president of the group; Mrs. William Lansill,

**LINDA AND SUSAN** Jordan and their mother and father will leave the 28th of July for a four or five week vacation. They will go to Florida and then up the east coast to visit some cousins. They will stop in Richmond, Va., to visit the Ruddocks and celebrate their father's, Linda's and Mrs. Ellen Ruddock's birthdays.

They will continue on to see the Capitol at Washington, D.C., and on to Niagara Falls. They'll visit in Youngstown, O., and stop in Olney, Ill., where they were born; then on to Vincennes, Ind., to see some more friends. They will head back home around Sept. 1. Sounds like a wonderful trip, doesn't it?

**BERNIE AND KEN CLAU**s and mother and dad have sold their home on Landfair Rd. and are building a new home in Costa Mesa. Mrs. Claus and the boys are taking an eastern vacation while their new home is being completed. The Ranch will miss the Claus family.

The award winners are: Sharon Biedebach, Roberta Siler, Dianne Meyer, Kathy Cantrell, Virginia Sharp, Candy Cleary, Sherry Kathol, Linda Henry and Nanette Gaylord. Their leaders are Mrs. Marjorie Sharp and Mrs. Vivian Henry. Congratulations!

The cast consists of the four Brown sisters, Marcie, Dorinda, Diana and Shelly; three of the Cress sisters, Pat, Janet and Carole; Linda Smallman, Michael and Lynn Perlin and Donna Riber. Refreshments will be served. The price of admission will be 15 cents, which will be donated to the cerebral palsy fund.

**PAT CRESS**, Linda Smallman and Dorinda Brown are going to the YWCA camp together.

On Board Westwind III, Catalina Island—Time sure does fly when you are enjoying yourself on vacation, and the way it is flying here is pretty discouraging.

After 10 days we ran out of supplies, and so we started the engines, cast off the mooring lines, and headed for Avalon to stock up again.

Avalon is a busy place this time of year. The daily arrival of the steamer with visitors is always a big event, with half of the population down at the pier looking for friends from the mainland.

We met Gene and John Fricke from home, who were vacationing at Avalon with Ann, Beryl, Dana and Michael. We took in the famous Bird Farm, and then went aboard the Westwind III for a short visit. Then to shore and a super deluxe lunch at the Catalina Island Visitors Country Club with Ginny and Ed Smith of Lido Isle.

**AFTER TAKING** on fresh water, gasoline and lots of good things to eat, we took off again for the Isthmus and Cherry Cove.

The next big event was the arrival of two water taxis carrying 130 girls to the Catalina Island Girls Camp. This beautiful camp has taken over the famous old Banning home, with lots of room for the girls and their counselors. Some of them are from Pasadena, Sierra Madre and Arcadia, including Sally Axelson, Alexandra Brown, Blair Busby, Theresa Compas, Constance Davis and Pamela Davis, Annene Erickson, Joan Frick and Judith Frick, Ellinor Goetz, Kathleen Morris, Elizabeth and Susan Morton, Anne Perry, Charlene Pierson, Suzie Pratt, Linda Schneider, Sara Wilcox and Anita Ziebe.

**MY THRILL** of the week was when I went out alone in our little outboard boat to explore one of the big caves on this end of the island. You can run the boat right in when the tide is right, and it is quite dark inside with the only light coming from the entrance about 75 feet away.

The roar of the swells as they enter the cave is kind of scary and the noise echoes around inside. It's cold and damp and you expect a seal to jump out at you from the dark corners.

The cave circles to the left, and you can go out the back end, which is just big enough for a little boat, and takes you out through a cove into the ocean. A real thrill, especially if you are alone.

**SO NOW WE END** our third weekly report from vacationland. We are as tan as Hawaiians, and I think we have taken on a pound or two. Until next week, when we will tell you about the extinct volcano, a happy summer to you all from David Bearley on board the Westwind III.

Children's Theater Will Present  
'Treasure Islands' July 26-28

Under the leadership of Mrs. William Stewart, general director, and Mrs. Charles Morse, art director, Children's Theater is well into its second production, "Treasure Islands," an imaginative picture of Hawaii, its folk songs and dances.

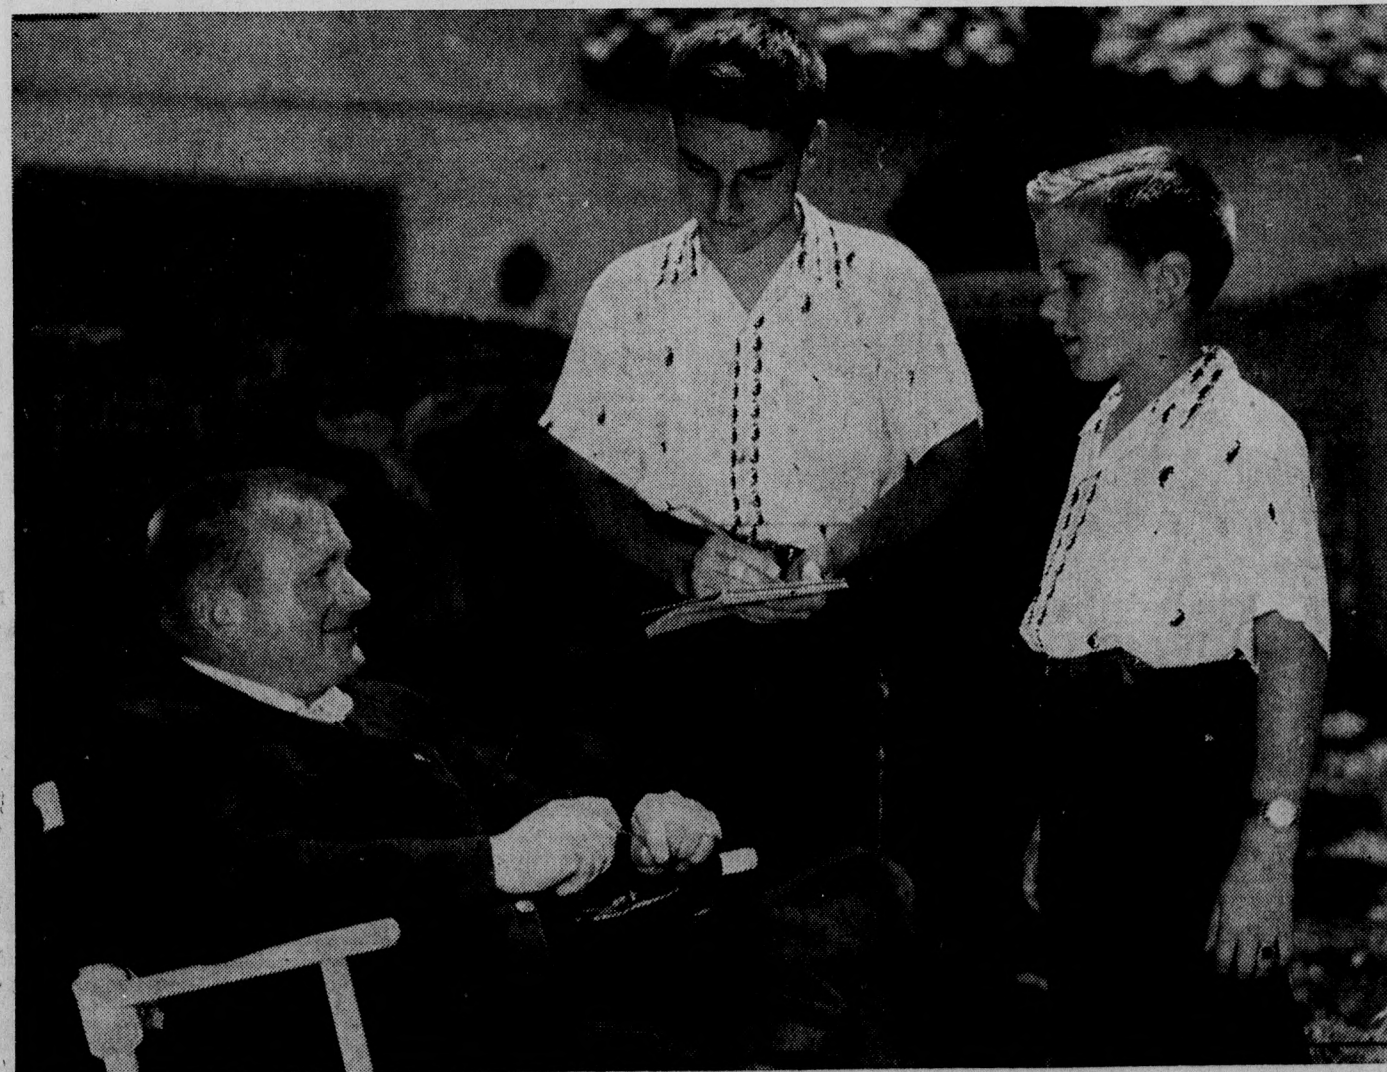

The children are divided into four groups. The "Keiki," (little child) are the 5-year-olds under the leadership of Mrs. D. N. McAdam; the "Kahili" (symbol of royalty) are the 6-to-9-year-olds led by Mrs. Frank De Virgilio. Mrs. Robert Castelan is in charge of the "Kahuna" (high priest or leader), and Mrs. A. J. Martin works with the "Kamaaina" (old timer), which is the high school group.

The cooperative venture, comprised mostly of Arcadia and Sierra Madre youngsters and their mothers, has recently been added to by a father's group, under the chairmanship of James Parker. The men meet in the evenings and work on the large pieces of scenery, such as a wharf and an out-rigger canoe.

"Treasure Islands" will be presented in the Arcadia High School Little Theater July 26, 27 and 28.

Night in Hawaii  
Is Dance Club  
Theme Saturday

A real Hawaiian hoo-down is set by the Hastings Ranch Dance Club for Saturday night at the Don Alsop home on Hastings Ranch Road.

There will be dancing around the pool and on the badminton court, prizes for outstanding costumes and Hawaiian music breaks between the sambas and fox trots. As the hostess explained, "It will be a real luau, except we won't have the pig."

In addition to the Alsops, hosts and hostesses for the party will be Mr. and Mrs. Peter Hurlig, Mr. and Mrs. Horace Ray and Mr. and Mrs. Jack Steffens.

A. R. Stearnses  
Visit Colorado

Mr. and Mrs. Alan R. Stearns, 1235 Daveric, have returned from Colorado Springs, where they visited Mrs. Stearns' sister and family.

Mr. Stearns had been in the East on business and joined Mrs. Stearns in Colorado. The Ranch residents drove their new station wagon home.

It is seldom people look forward to a shipwreck but members of Las Companeras and their husbands are eagerly anticipating a "Shipwreck Party" next Saturday evening in the Ralph A. Judd home.

According to Mrs. Alan R. Stearns, social chairman, guests will arrive in costume and a prize will be awarded for the best "shipwreck." Music throughout the evening will be provided by Van Hower and his orchestra.

The decoration committee, Mrs. C. Neal Rowley, Mrs. George A. Schlueter, Mrs. C. Don Hays, Mrs. Dale R. Sandro, Mrs. Donald H. Willumson, Mrs. Dominic F. Glangregorio, Mrs. Arthur B. Shipman, Mrs. Paul G. Kaponya, Mrs. William M. Lawson, Mrs. Robert W. Reed Jr. and Mrs. Edward J. Lieber, under the direction of Mrs. James A. Gittinger, chairman, has planned many surprise effects with the aid of fish netting, murals and a gangplank. Mrs. Charles R. Hardison Jr., food chairman, will be assisted at the buffet dinner by Mrs. William F. Spalding, Mrs. Wayne S. Blackman and Mrs. Stearns.

The very clever blue and white invitations, bedecked with "authentic" sailor's knots and lifesavers were made and addressed by Mrs. J. Cranor Richter and her committee, Mrs. Orville J. Johnson, Mrs. William H. Dixon, Mrs. Raymond C. Driemeyer and Mrs. Willumson.

Another brother, John Mounteer of Albany, N.Y., also was present at the Fordham ceremonies.

Reds, Cubs and Red Sox Lead  
As Little Leagues Draw to Close

By Charles Ayres

The Reds, Cubs and Red Sox reign atop their respective divisions of the Hastings Little League as the season draws to a close.

The Reds took over undisputed lead in the American League by shading the Braves, 5-4, and the Indians, 6-2. Good pitching by Mike Ayres and John Wallace and clutch doubles by Forrest Switzer and John Sorensen made the difference.

## League Standings

American League

with a 23-hit attack that eased them into 22-9 win. Ross, Peacock and Fontino led the Indian barrage, with Alvarez showing best for the losers.

John Senour learned that you can't win them all when his Beavers took a 21-7 beating from the Cubs. McBride led the Cub attack with a home run while Wardlaw was limiting the Beavers to four hits.

The Cubs then continued on their winning ways by outlasting the Stars, 18-10. Browning, Cast and Herriott led the Cub attack.

Spivey and Kreft blasted home runs to pace the Beavers to a 20-8 win over the Seals in a game that featured extra base hits. Olwin and Pancoska hit triples while Barr and Haer got doubles. Rucks hit two doubles.

**IN OTHER GAMES** the Angels beat the Seals, 10-7, and then lost to the Giants, 16-5, while being limited to two hits by Vance. Phil Carroll accounted for the Giants' lone run with a homer against the Stars as Dick Beattie's team won their first game of the second half, 12-1.

Two tie games were played off, with the Angels scoring 5 runs to none for the Stars and the Seals taking the Giants in a 23-13 game that saw 7 doubles hit.

The Red Sox clinched at least a tie for the Coast League crown by whipping the Eagles, 20-11. The hitting of Peacock, Verdi and Caldwell and the fielding of Dunn stood out for the winners.

Horne for the Rams and Swenson for the Dodgers matched hits as the Reds edged the Dodgers, 13-10.

most recently was in the news when he rescued four persons from the sea near Avalon. The boys, sons of the Arthur Bearleys of Hastings Ranch, are spending the summer with their family aboard their cruiser at Cherry Cove.
